Profile

Professional with 8 years of experience in UX Research, behavioral analysis and digital design. Involved in digital product optimization, qualitative and quantitative research, KPI analysis, conversion and sales growth across regional markets (LATAM). Experienced in analyzing user behavior for brand and loyalty strategies. Focused on marketing through conversion analysis, Customer Insights and business growth.

Experience

Visual Designer (freelance) — Symbiotic Estudio 03/2024 – 03/2026

- Visual identity, branding and packaging for brands; digital assets and audiovisual content.
- Brand experience design: events, spaces and activations.

UX/UI Analyst — Arcos Dorados (McDonald's LATAM) 02/2022 – 09/2023

- Analyzed user behavior through qualitative and quantitative research to identify improvement opportunities in digital products and experiences.
- Used interviews, focus groups, usability tests, benchmarks, surveys, A/B testing and KPI analysis to generate actionable insights.
- Contributed to the optimization of digital products (App, Web and NGKs), supporting sustained growth in digital sales.
- Led the Digital Channels Standardization Project and the Loyalty Program from UX/UI.
- Analyzed metrics and results to support decisions on product, experience and user behavior.
- Presented results, insights and project updates to regional LATAM stakeholders.
- Worked with multicultural, cross-functional teams in an agile environment.

Tutor (UX Research, UX/UI & Psd/Illustrator) — CoderHouse 04/2021 – 08/2022

- Personalized student mentoring and feedback; review of deliverables.
- Weekly classes, hands-on practice facilitation and instructor support.

Digital Design Specialist — Office of the Chief of Cabinet of Ministers (Government of Argentina) 10/2017 – 01/2022

- Interface and web content design for public agencies.
- Creation of visual identity, communication systems and social media content.
- Advised internal teams on digital design and content management.
- Optimized digital experiences to ease access to information and public services.
